MOTION TO ELIMINATE OR REDUCE BOND

COMES now, MS. KIMBERLY WOODS-JAMES, by and through her attorney, Lucas Adcock, and respectfully alleges:

1. That she has been charged with Domestic Assault with Bodily Injury, Theft \$1,000 or less, and Vandalism \$1,000 or less (2x).
2. That her bond has been set at \$5,000.
3. That she is fifty-six (56) years of age and unable to work.
4. That she is physically disabled and requires a walker to move about.
5. That she is medically disabled as a result of a blood disease and pinched nerve(s).
6. That as a result of her severe, long-term medical conditions that prevent her from working, she receives \$1,216.00/month in Social Security Disability Insurance (SSDI).
7. That when she was arrested on the morning of Monday, May 25, 2026, she was recovering from surgery that was completed on her right ankle in an effort to ameliorate Drop Foot Syndrome.
8. That she underwent the aforementioned surgery on Friday, May 22, 2026.

9. That she has lived in the City of Nashville her entire life and regularly attends Mt. Calgary Baptist Church in Madison, TN.

10. That her current \$5,000 bond is unnecessary and excessive.

11. That as a result of her physical disabilities, she is not a flight risk in any way.

12. That it would be advantageous to all involved if she is given temporary liberty, thereby allowing her to recover from surgery and attend physical therapy.

13. That – as no bond is necessary to reasonably ensure the safety of the community and the appearance of Ms. Woods-James – **her bond should be eliminated in its entirety or, in the alternative, reduced to \$1.00.**

Ms. Woods-James respectfully requests this motion to be heard on Friday, May 29, 2026 before the honorable Judge Allegra Walker.
