T.C.A. 55-10-401

Personally appeared before me, the undersigned, [Select one]   x   Commissioner        Metropolitan General Sessions Judge, the prosecutor named above and made oath in due form of law that [Select one]   x   he        she [Select one]        personally observed   x   has probable cause to believe that the defendant named above on 08/08/2026 in Davidson County, did unlawfully drive or was in physical control of any automobile or other motor driven vehicle while under the influence of any intoxicant, marijuana, narcotic drug, or drug producing stimulating effects on the central nervous system and that *the probable cause is as follows*:

On August 8th, 2026, at approximately 00:07 hours, Trooper Sheppard was conducting my normal patrol on I-24 West at the 52-mile marker when I observed a white Acura traveling in lane three without any taillights illuminated. After observing the vehicle, I activated my emergency lights and sirens to conduct a traffic stop. Once the vehicle came to a stop, I approached on the passenger side and spoke with the driver. While speaking with the driver, I noticed that he spoke with what appeared to be slurred speech. I asked the driver for his license, and he stated that he did not have it on him. I then collected his name, date of birth, and Social Security number, and identified him as Mr. Bravo Richard. While speaking with Mr. Richard, I asked if he had consumed any alcohol tonight. He stated that he had consumed three shots of vodka at a friend's house. After Mr. Richard told me this, I asked him to step out of the vehicle to perform standardized field sobriety tests. While outside the vehicle, I could smell an odor of an alcoholic beverage emitting from his person. During the Horizontal Gaze Nystagmus test, Mr. Richard displayed 6 out of 6 clues. During the Walk-and-Turn test, Mr. Richard showed 4 out of 8 clues, including being unable to maintain balance during the instruction phase and starting too soon. During the walking phase, he missed heel-to-toe and took too many steps. During the One-Leg Stand test, Mr. Richard displayed 4 out of 4 clues, which included putting his foot down, swaying, hopping, and using his arms for balance. Once Mr. Richard completed the standardized field sobriety tests, I placed him under arrest for DUI, 3rd offense, at approximately 00:23 hours. Mr. Richard also previously obtained a DUI 2nd offense on December 15th, 2025. After placing Mr. Richard under arrest, I transported him to the magistrate to obtain a blood search warrant. After obtaining the warrant, I transported Mr. Richard to the hospital to have his blood drawn. Mr. Richard's blood was drawn at 01:35 hours. After the blood draw, I transported Mr. Richard to the jail, where he was released to the jail staff.
